# Code-switched Text Generation

30

Lack of good sources of code-switched data

# Motivation

# Heuristics based approach

# Generative modelling using RL & GAN

# Code-switched Text Generation

**Motivation**

Lack of good sources of code-switched data

Heuristics based approach

Generative modelling using RL & GAN

# Heuristic based approach

Heuristic: Replace a word with its translation in other language with some probability
